Pro Lift G 489 Manual

The Pro-Lift G-489/G-2489 series garage jack utilizes a hand-powered hydraulic ram to lift loads of up to 2 1/2 tons. Hydraulic fluid level and condition is essential for the jack to safely achieve the maximum lift height and weight capacity. Fluid level can drop over time due to fluid weeping around the ram seals and the release valve.

Floor jacks are useful tools that should last for many years with very little maintenance. Although floor jacks do not "consume" oil, it may leak out from one of several places over time. For safety's sake, it is always a good idea to check the various components of the jack during the oil filling ...
